Milton Keynes

Milton Keynes is a new city, the largest settlement in Bucks, with a resident population of nearly 300,000. We officially took on city status in May 2022, as part of Her Majesty's Platinum Jubilee celebrations.

We are halfway between London & Birmingham and Oxford & Cambridge. It takes just 35 minutes to get from Milton Keynes Central to London Euston by train, and you can reach many other major cities via the West Coast Mainline. For international travel, we have London Luton, London Heathrow and Birmingham International airports within an hour's drive.

The Milton Keynes economy consists of over 180,000 jobs and over 12,600 businesses. The Cities Outlook 2025 report highlighted how Milton Keynes continues to be one of the top UK cities for high wages, innovation, and housing growth.

We are already one of the fastest growing cities in the country and have growth plans for a population of 410k by 2050 with an additional 50,000 to 90,000 new jobs. In January 2025, the government confirmed its plan to build transport links and housing in the 'growth corridor' between Oxford and Cambridge, and full commitment for the East West Rail line that will link the two cities, with Milton Keynes being a key beneficiary.

Our City Centre is the beating heart of Milton Keynes. We're a top ten UK destination for retail. Our leisure options range from indoor skiing and sky diving to a top-class theatre, art gallery and ice rink, and we have a 4000-capacity concert and entertainment venue coming soon. We are the headquarters location for major employers such as Santander, Network Rail, and DHL Supply Chain. Around 40,000 people work in our offices, shops, restaurants and leisure sector, but we're also a place people are choosing to live, as we're home to 4700 residential properties, and major residential developments are underway across the City Centre.

About MyMK BID

The Milton Keynes Business Improvement District (BID) is a collective of over 330 businesses that invest in the success of Milton Keynes City Centre.

We are a not-for-profit company, now in our eighth year of trading. Our vision is for Milton Keynes City Centre to stand out as a place which is proud to be different: where its uniqueness is the driver for people choosing to come here to live, work, run a business and for leisure.

Through our network we bring together over 330 businesses and organisations, working across every sector and represent their needs with partners such as Milton Keynes City Council, Thames Valley Police, Milton Keynes Development Partnership, DestinationMK, and many others.

We work to make Milton Keynes City Centre a vibrant, exciting and successful place to have a business, and an attractive, clean, safe, enjoyable destination for everyone.

Our board comprises individuals from Milton Keynes' leading names in the City Centre's retail, leisure, professional services and commercial sectors, who set the strategic direction of the BID, on a voluntary basis.

We work hard to promote Milton Keynes City Centre to attract customers and drive spend in our businesses, through our My-MK City Centre consumer marketing activities.

We run the City Centre radio scheme to deter criminals and identify offenders, and we administer the Milton Keynes City Centre Barwatch group.
